How much is your bookkeeping costing you?

....and what are you getting in return?

When you use 'more' bookkeeping software you will spend up to 70% less time on your books and get them right first time, every time. All you have to do is input the figures - 'more' does the rest.

As you enter your figures 'more' automatically calculates everything for you, predicts what you are doing, and stops you making costly mistakes. You can check your bookkeeping against your bank statements and if you are VAT registered your VAT returns are completed automatically!

Stop for a moment and ask yourself 'how much time are you spending each year keeping your books up to date and how much is that costing you?'

It may surprise you to know that the average business person wastes over £2,000 a year in time spent bookkeeping. Why not use the table below and work out the cost of the time you are losing on your bookkeeping and see what 'more' will save you?

If you could save time and money it has to make sense to give 'more' a go, doesn't it?

How much can you save?		

Set-up and tailored to your exact needs. 'more' is the only bookkeeping software where each of the features can be switched on and off. This means you only do what you feel comfortable doing. The built in help videos on every screen mean you never get stuck. And you can get going straight away because everything is set up for you.

Is your finger really on the pulse of your business? As well as saving you time 'more' gives you complete financial control and really useful management information. You can see at a glance what's in your bank, control costs, track cash movements and put an end to unexpectedly high VAT bills. The reports will show you where your money has come from, where it has gone and how much profit you have made.

Help us to help you. Using 'more' helps us to help you. Thanks to 'more's' unique real time back-up and integration with our systems, we will always have up to date details of your business. We will be able to spot tax saving opportunities quickly and give you tax forecasts. We'll also get your accounts completed faster and with fewer questions for you to answer! It's a win win situation for both of us.

Protection from HM Revenue and Customs. Did you know the taxman has a target to get extra tax out of 76% of all investigations? It makes sense to be well protected. The best way to do this is to make sure your bookkeeping is perfect. Working with 'more' and us will help you do this so you don't need to worry when the taxman or VAT office decides to have a look at your books. You know that you have nothing to worry about. Ever.

10 reasons why you should take advantage of 'more' software, today!
